# Grilling Tools

Cooking *al fresco* is far more fun when you've got the right tools for the job

## 1. Sizzle Pan

The Bobby Flay Grill-to-Table Sizzle Pan with Trivet from Kohl's is great for fajitas, kebabs, vegetables, and more. The sturdy metal alloy pan retains heat for fast, even cooking, and it's heat resistant up to 1,000 degrees. It's not only grill-safe, it also works on gas, electric, and glass cooking surfaces. The 10¼-inch-long grill pan comes with an acacia wood trivet, so it's easy to transport and safe to place on any surface.

\$54.99

## 2. Cooking-Alert Thermometer

If you don't want to stand over the grill, no problem. The Wireless BBQ Thermometer from Oregon Scientific will alert you when your meat has reached the perfect temperature. Simply insert the probe into the meat, then take the digital LCD monitor with you. Programmable entrée selections include beef, lamb, veal, hamburger, pork, turkey, chicken, and fish, with doneness options of rare, medium-rare, medium, and well-done. The sensor works from 0 to 392 degrees. The monitor has a 100-foot transmission range, comes with a detachable belt clip/table stand, and features a low-battery indicator (2 AA and 2 AAA batteries are included).  
\$35.11 [wayfair.com](http://wayfair.com)

## 3. Branch Skewer

The Barbeque Branch Skewer from Chef'n Grill'n holds twice as much food as a traditional skewer, and it looks really cool. You can use it for kebabs, vegetables, sausages, marshmallows, and more. The skewer is made from stainless steel with a wood handle, and it features a silicone hanging loop.  
\$11.89 [wayfair.com](http://wayfair.com)

## 4. Basting Brushes

Mastrad's colorful and flexible 10-inch Basting Brushes feature silicone bristles, which help the brushes maintain their shape. They're heat resistant up to 480 degrees, easy to clean, and dishwasher safe.  
\$9.99 [mastrad.us](http://mastrad.us)

## 5. BBQ Roasting Pan & Can Holder

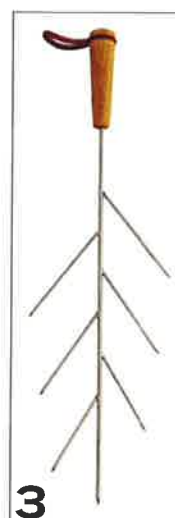

The BBQ Roasting Pan & Can Holder from Pampered Chef lets you grill meat and vegetables simultaneously for a "one-pot" meal. It features a detachable stainless steel can holder, so you can infuse a chicken atop a 12-ounce can of beer or soda. The dishwasher-safe, 14x12-inch pan features small holes in the bottom, with solid sidewalls.  
\$39.50 [pamperedchef.com](http://pamperedchef.com)

## 6. Angled Spatula

Fissler's Magic Accessories Angled Spatula is made in Germany from extremely durable, high-quality 18/10 stainless steel, and it's dishwasher safe. Perforations allow fat or liquids to drain through, and it's sturdy enough to cut softer foods into accurate portions. You can hang the spatula near the grill using the stainless steel eyelet.  
\$30 [fissler.com](http://fissler.com)

## 7. Steam Cleaner

Forget toxic chemicals. Just preheat your grill, fill the Grill Daddy with water, and let the steam it creates melt away baked-on food, grease, and black residue while sanitizing your grill grates. You can use the scraper brush for tough grime and hard-to-clean areas. Two ergonomic handles are designed to protect your hands from grill heat and provide maximum cleaning leverage, even when cleaning the back of a big grill. The replaceable heavy-gauge, stainless-steel brush heads are dishwasher safe, guaranteed not to gunk up, and safe to use on stainless steel, ceramic, and iron grill grates. The Grill Daddy won't douse charcoal, either.

## TOOLS

8

9

### 8. Non-Stick Grilling Pans

Danny Seo's Grilling Pans feature an eco-friendly, non-stick ceramic coating that's PTFE- and PFOA-chemical-free, and it wipes clean. You can grill your favorite meats in the grill pan, whip up sauces and sides in the sauce pot, and crisp summer veggies in the fry pan. They're dishwasher-safe, and they work on all grills and on stovetops, too.

\$14.99 each

[dannyseos.com](http://dannyseos.com)

### 9. Chimney Starter

The folks at Weber definitely know a thing or two about lighting charcoal for grilling. Just fill up this Rapidfire Chimney Starter with coals, place it on top of the Firestarters lighter cubes or some crumpled newspaper, and light. In 15 minutes, your coals will be ashed over and ready to use—without the need for lighter fluid.

10

### 10. Juice-Catching Cutting Board

The J.K. Adams Monogrammed Barbeque Board is made from 1-inch-thick solid maple and features a deep juice well, so it's great for slicing larger cuts of meat. The cutting board measures 20x14 inches, and it comes with a 4.25-inch laser-monogrammed initial.

\$84.99

11

### 11. Bacon Griller

Everything's better with bacon, and the Mr. Bar-B-Q Non-Stick Bacon Griller makes it easy to toss this perfect pork product on the grill. The angled surface of the Bacon Griller allows grease to drain away for healthier, tastier, crisper bacon. Plus, a built-in grease tray prevents flare-ups.

\$13.79

[shopko.com](http://shopko.com)

### 12. Wood Chip Soaker

Since wood wants to float, soaking wood chips before grilling can be a frustrating proposition. Fortunately, the Outset Wood Chip Soaker takes the irritation out of the process. The 6-inch-tall, 48-ounce container features a screw-down lid that keeps wood chips submerged. The handle makes it easy to pour out the water and transfer the wood chips to your grill or smoker.

\$12.99

13

### 13. Chicken Leg & Wing Rack

Bayou Classic's Chicken Leg & Wing Rack holds a dozen pieces of chicken, saving space on the grill. The stainless steel rack positions the meaty part of each leg closer to the heat for even cooking—and you won't have to turn the chicken legs or wings, either. The rack is dishwasher safe, and it works in the oven, too.

\$16.50

[wayfair.com](http://wayfair.com)

### 14. Flexible Basket

Pampered Chef's BBQ Flexible Basket eliminates the need for flipping food piece by piece. It's great for smaller or more fragile items, including fish and veggies. And it features a rigid side to keep your food flush to the grill grates for optimal browning, plus a flexible side that expands to hold thicker foods. A ridge inside the basket keeps food separated and minimizes sliding. The 12x18-inch basket fits inside most grills—even with the lid closed—and it's dishwasher safe.

14

### 15. Steak/Barbecue Plate

Ironwood Gourmet's acacia wood Steak/Barbecue Plate is designed to keep a steak hotter longer, and it features a built-in trough to contain meat juices. Plus, the wood won't dull steak knives. The plate measures 11x13x.75 inches.

\$18.50 [ironwoodgourmet.com](http://ironwoodgourmet.com)

### 16. Grill Wok

Why heat up the kitchen when you can stir fry meat and veggies on the grill? Kingsford's Non-Stick Grill Wok is PTFE/PFOA-free, 11 inches in diameter, and outfitted with handles, so it's easy to move.

\$15 [kingsford.com](http://kingsford.com)

### 17. Instant Marinator

Jaccard's SpeedyPlus Instant Marinator uses commercial-level vacuum pressure to cause marinade to penetrate deeply and completely into meat in as little as 5 minutes. The 10x14-inch sturdy ABS container holds 4.5 liters—enough for 15 boneless chicken breasts before, during, and after marinating. Plus, the marinating chamber features locking tabs to secure pre-cooked juices and bacteria within the container, so you don't have to worry about cross-contamination. It's dishwasher safe and disassembles easily for cleanup.

\$30 [jaccard.com](http://jaccard.com)

### 18. Safety Shut-Off

Fire Magic's Automatic Shut-Off Safety Timer Valve will turn off the flow of natural gas to a grill. You choose the duration of allowed flow, up to 3 hours. The easy-to-install valve has a flow capacity of 100,000 B and 0.5 psi, and it's great for use in apartments and condos.

\$68 [wayfair.com](http://wayfair.com)

### 19. Corn Skewers

IMUSA's Corn Skewers make it easy to grill corn—particularly the popular Mexican street food version called *elotes*, which is topped with condiments like salt, chili powder, butter, cheese, lemon or lime juice, and sour cream (or crema). The wood skewers come 50 to a pack, and you can also use them to grill smaller items, as well as to make caramel apples and for fondue.

\$5 [imusa.com](http://imusa.com)

### 20. Smoking Sticks

CloverFields Farm and Kitchen has created Sweet Smoke grilling/smoking sticks. They're made from a mix of responsibly harvested fruitwoods and hardwoods that are infused with homegrown sorghum from founder Janine Washle's farm near Hardin Springs, Kentucky. Each bag includes six pieces of specially chosen persimmon, sugar maple, and wild cherry wood to provide a sweet, medium-light smoke for chicken and pork, fruits and vegetables, and more. Once lit, the sorghum provides the initial sweet caramel-y flavoring; afterward, the essence of the wood infuses the food on the grill. The Sweet Smoke sticks come in a reusable bag with a laminated grilling/smoking quick-start sheet and recipes for Julep Brisket, Sweet Smoked Vegetables, and Smoked Apples.
